- PANORAMIC SUNROOF
- ERGONOMIC CONSOLE

PREMIUM BOAT RANGE  PARKER SORRENTO

Two main cabins

SORRENTO

PREMIERE '23

Embark on longer adventures with the Sorrento thanks to her two cabins accommodating up to 4 adults. Ideal for families or inviting friends onboard, the forward and aft cabins provide privacy and comfort for all onboard.

BOW SUN LOUNGE

Enjoy access to the Bow Sun Lounge through the Portside walkthrough of the Sorrento. With secure handrails on both sides, this area provides a space to embrace the outdoors and relax at anchor. The Sorrento's generous beam allows for a spacious social area, comfortably accommodating 2-3 adults. The lounge is elegantly finished with high-quality fabrics, enhancing the comfort of this area.

SIDE PILLAR CANOPY STORAGE

Extend your boating season and stay protected in poor weather with the Sorrento's convenient aft canopy. Unlike many boats, stowing or attaching the canvas canopy is a breeze. The Sorrento's modern and uncluttered design showcases our innovative Side Pillar Canopy storage. Seamlessly integrated into the side pod of the hardtop, it neatly stores the canvas, ensuring a hassle-free experience.

EXTRA BERTH

The Sorrento offers increased onboard accommodation with its versatile modular seating configuration in the cockpit. By converting the sofa and table, this social space transforms into a comfortable 2-berth double bed. With this feature, the Sorrento can accommodate a maximum of 6 persons overnight.

PANORAMIC SUNROOF

The Sorrento's cockpit is designed to feel bright, airy, and spacious, enhanced by large glass windows in the wheelhouse area. Taking it a step further, the Panoramic roof design amplifies this effect. By opening the roof, you can invite sunlight and fresh air into the main helm and on-deck social areas, seamlessly blending the outdoors with the protected spaces, creating a harmonious "outside-in" experience.

ERGONOMIC CONSOLE

The console has been designed to accommodate large plotter screen and a lot of useful electronic equipment. All the console switches and control panels are placed within reach for the best user ergonomics and comfort.

SORRENTO / PREMIERE '23

The Sorrento, the latest masterpiece from Parker, embodies the pinnacle of design and craftsmanship. Drawing on decades of boat building expertise and collaborating with leading designers, this vessel represents Parker's commitment to innovation. With a reputation of building craft with offshore capabilities, the Parker brand ensures your cruising experience is both comfortable and safe. Crafted by our award-winning team in Poland, the Sorrento carries on Parker's legacy of delivering beautiful, well-built, and purposeful boats.

The twin step hull design of the Sorrento offers exceptional handling, fuel efficiency, and speed, while retaining a sporty driving feel. Unlike retrofitting older stern drive hulls, Parker designs their hulls from scratch, optimised for outboard power. This approach maximises the performance and serviceability of the boat whilst creating a perfect pairing between engine and hull. Paired with Mercury Verado engines, the Sorrento achieves an impressive power-to-weight ratio, striking a perfect balance and ensuring ease of use, making it an ideal choice for both new boaters and those transitioning from smaller vessels.

Versatility is a hallmark of the Sorrento, serving as an exceptional day boat and an excellent option for extended trips. With two cabins and a total sleeping capacity for up to six individuals, it offers ample space for the entire family to enjoy the water in comfort. Whether it's a weekend getaway or an extended adventure, the Sorrento is ready to provide unforgettable experiences on the water.

Introducing the Parker Monaco 110: Spacious, Efficient, & Unforgettable

MONACO

Discover the Parker Monaco 110, a game-changer in outboard powered craft. Designed in collaboration with Tony Castro Design, it combines a spacious cruiser layout with the efficiency of outboard engines. A versatile interior, sliding roof and pedigree hull design are just some of the reasons the Monaco is so popular. Get ready for unforgettable adventures on the water.

- BOARDING DOOR
- TRANSFORMABLE SEAT
- ULTRA QUIET CRUISER
- 4M SPACIOUS MASTER CABIN
- 2 CABINS
- HIGH QUALITY
- LARGE BATHROOM
- JOYSTICK PILOTING
- CAPTAIN'S DOOR
- PREMIUM UPHOLSTERY
- FUNCTIONAL FURNITURE

BOARDING DOOR

Access to the Monaco is easy with either the walkthrough transom or Starboard boarding door. Step into the aft deck salon from the dock with ease. The walkthrough transom gives access to the boarding platforms creating easy access to the water, perfect for watersports and swimming off the Monaco while at anchor.

TRANSFORMABLE SEAT

The Monaco features modular rear bench seat seamlessly integrated into the engine hatch moulding. The forward-facing sofa offers versatile functionality, effortlessly transforming into a sun pad extension atop the engine cover. This clever innovation creates a spacious area to bask in the sun while at anchor. Parker's commitment to ergonomic excellence shines through, exemplifying their dedication to maximizing comfort and enjoyment onboard the Parker Monaco.

ULTRA QUIET CRUISER

Immerse yourself in unparalleled comfort on the ocean, accompanied by minimal engine noise. Our innovative solution places the twin Mercury outboards behind a GRP engine hatch, combining the practicality of outboard engines with enhanced ergonomics. This design maximizes the utilization of a larger deck space, while significantly reducing engine noise in the cockpit. Experience a refined and immersive onboard experience like never before.

Enhanced Socializing & Extended Cruising

Indulge in the ultimate morning retreat within the spacious Master Cabin of the Monaco. Awaken to the gentle embrace of natural light, enhancing the room's airy and expansive ambiance. From the comfort of the full island bed, savour breath-taking views of the water, adding a touch of tranquillity to your mornings. After a day of coastal exploration or venturing further afield, unwind and rejuvenate in complete comfort onboard.

Two spacious cabins

Experience the spaciousness of the Monaco's two cabin spaces, inviting friends, children, or extended family to embark on unforgettable boating adventures with you. The guest cabin is bathed in natural light, providing a serene atmosphere, while the ergonomic design offers ample space for a comfortable full double bed. Unwind and rejuvenate after a day of exhilarating water activities, ensuring you're fully rested for the next adventure.

LARGE BATHROOM

The Monaco showcases onboard comfort with the large heads compartment, tailored for extended boating adventures. Awash with natural light, this airy and spacious bathroom provides the perfect amenities for your onboard relaxation and convenience.

CAPTAIN'S DOOR

Experience the seamless solo helming experience aboard the Monaco, thanks to its ergonomic design and advanced technology. Positioned midships, the captain's door provides convenient access to the midships cleat for effortless mooring. Combined with the Joystick piloting system, the Monaco instils confidence whether you're helming alone or with a less experienced crew, ensuring a smooth and enjoyable time at the helm.

PREMIUM UPHOLSTERY

The upholstery on Parker Monaco fits perfectly boat's outstanding design. Well-shaped cushioning seems to invite you to relax after exciting day of boating. Highest quality fabrics are designed to withstand harsh marine environment.

FUNCTIONAL FURNITURE

The woodwork is not only aesthetically pleasing, but also delivers an amazing functionality in everyday use. Texture and colour of the wood in creates a cozy atmosphere and emphasises the spaciousness of the master cabin.

Seamlessly integrated into the side pod of & hardtop

MONACO

FLYBRIDGE

Enhancing the 110 Monaco for socializing and extended cruising; the spacious flybridge adds further capabilities to the Monaco platform. The higher helm position gives you a great view of your surroundings. The wrap around sofa adds further social space where all can feel included in driving the Monaco and in the elements. Add a Bimini for protection from the Sun and to extend the use of this great space.

JOYSTICK PILOTING

Joystick piloting offers increased control over the Monaco in slow speed maneuvers. An ideal accessory for both the new boater and more seasoned, control the craft like never before with pinpoint accuracy. Skyhook by Mercury Marine also offers the fantastic benefit of locking your position. This enables a virtual anchor, ideal for locking the boats position while putting out fenders and organizing lines when solo helming.

LARGE FLYBRIDGE

Enhancing the 110 Monaco for socializing and extended cruising; the spacious flybridge adds further capabilities to the Monaco platform. The higher helm position gives you a great view of your surroundings. The wrap around sofa adds further social space where all can feel included in driving the Monaco and in the elements. Add a Bimini for protection from the Sun and to extend the use of this great space.

UTILITY ROTARY LADDER

Parker continue to innovate with the ergonomics of the Monaco. This is shown again by the Rotary Ladder. This marine grade stainless ladder is designed to give perfect access to the Flybridge whilst at the same time keeping the main aft Salon decluttered and as spacious as possible.

MONACO

The Parker Monaco is a remarkable boat, embodying style, performance, and functionality. With meticulous attention to detail, it showcases exceptional quality and craftsmanship and all the DNA of Parker. Its sleek and modern design exudes elegance and sophistication whilst having all the offshore capabilities you would expect from our brand.

The spacious and well-appointed interior offers two cabins and a bathroom, providing comfort for overnight stays. The twin step hull design ensures excellent handling, fuel efficiency, and speed. Integration of outboard engines enhances performance and serviceability. Clever storage solutions maximize space and functionality. Built to the highest standards, the Monaco is solid and sturdy, ensuring safety and durability. It is the perfect companion for leisurely cruising or adventurous journeys, offering versatility, performance, and exceptional design. Experience the thrill and luxury of the Parker Monaco and create unforgettable memories on the water.

MONACO / FLYBRIDGE

The Parker Monaco Flybridge is a remarkable vessel that takes the popular Monaco model to new heights. With the addition of a flybridge, this boat offers enhanced socializing and extended cruising capabilities. The flybridge provides an elevated vantage point, allowing for breath-taking views and a commanding presence on the water.

The spacious cockpit is perfect for entertaining guests, with ample seating and a well-equipped wet bar for refreshments. The flybridge features additional seating and a helm station, creating a separate area for relaxation and navigation.

The interior of the Monaco Flybridge is thoughtfully designed to maximize comfort and convenience. It offers two cabins, allowing for overnight stays and accommodating guests or family members. The cabins are well-appointed and feature high-quality finishes, creating a luxurious and inviting atmosphere; typically Parker.
