

MAREX 440 Gourmet Cruiser

CONTEMPORARY DESIGN IDENTITY

Discover the new dynamic exterior of the Marex 440 with its dark elongated side portholes, large-scale panoramic glasses in the superstructure and rounded aft lines.

The Marex 440 features stunning design lines and cutting-edge technologies. With a focus on ergonomics, comfort and safety, the new cruiser will impress you with practical onboard solutions.

The idea is to create a family boat where you can experience comfort, easy living

onboard, and the feeling of a much larger vessel. The largest kitchen in its class, beach club next to the water, two bathrooms and a washer machine are examples of family thinking.

The Marex 440 results from the collaboration between Marex in-house design team and Slovenian studio VOM Creations Yacht Design. Naval architecture was provided by Nikl Design and Engineering by Alpha Creations.

CONCEPT OVERVIEW

“
Boating is a story with
passion and dedication”

PARADISE FOR GOURMANDS

Enjoy an unforgettable cooking experience with the Marex 440 Gourmet Cruiser. Marex has created a chef's dream with an enormous U-shaped kitchen layout – the largest in its class.

It features an oven/microwave, double sink, induction cooker and dishwasher. It also has an opening on the countertop to store three beer/drink cases of 24 boxes each.

The solar panel provides enough capacity to keep the 220-litre refrigerator and 100-litre freezer running without shore power.

The Scandinavia version of the 440 can offer an additional dining area with a big sofa and two retractable stools instead of a port side kitchen.

“

A place to create
lifelong memories

VERSATILE SOUL

The cockpit on the Marex 440 Gourmet Cruiser features a table with a U-shaped sofa. You can gather up to 8-10 guests for lunch or lower the table and convert the cockpit into a sunpad or sleeping berth. Increasing the seating area with an additional sofa on the opposite side is also possible. Alternatively, it can be equipped with a multifunctional BBQ space with a grill, refrigerator and icemaker.

An optional sliding door and an electrically retractable window blur the boundaries between inside and outside areas, creating a great social place to enjoy the bar.

“
Cooking with love
gives food for the soul

MAREX

KING OF THE SEA

Side doors

The 440 has two side sliding doors. This allows to get freedom of movement for the captain and passengers, also letting a fresh breeze in. Together with an open sunroof, this increases cruising enjoyment enormously.

Co-pilot seat

A sofa opposite the helm allows the whole family to enjoy the view of the cruising. A foldable table creates an office area.

Smart Canopy Solution

Thanks to its smart canopy solution, the Marex 440 can be enjoyed in both hot and cold climates. Close the sliding sunroof, then pull out the cockpit canopy curtains (hidden in the targa panels) and quickly fix them.

Experience the fastest and easiest way of enclosing the cockpit on the market! The canopy can be fastened with just ONE single

grip. No buttons or rubber bands. From an open cruiser to a completely closed boat in less than a minute! This solution allows the use of air-conditioning (or heating) throughout the deck, making the 440 Gourmet Cruiser suitable for every climate.

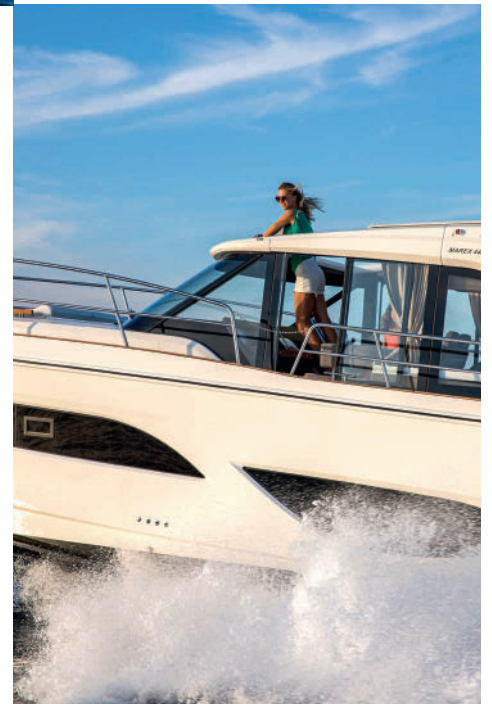

“
There are no ordinary
moments”

PROPULSION AND TECHNOLOGY

CRUISE **PERFECT**

Easy cruising, easy docking!

The Marex 440 GC is designed with a warped planning hull. It ensures great stability, superior manoeuvrability and excellent high-speed handling. Using the vacuum infusing method and high-quality multiaxial fiberglass mats minimises weight and maximises strength. The hull has a reduced drag, which lets the boat cut the waves and go to planning speed with better fuel efficiency.

The Marex 440 GC can be equipped with a pair of Volvo Penta IPS, sterndrives or even shaft engines. Maximise the comfort with an optional large generator and gyroscopic stabiliser. The fuel tanks (2 x 595 L), water tank of 780 L, powerful batteries and solar panels make a boat perfect for extended family holidays.

The 440's helm station can be fitted with three 12-inch or double 16-inch screens that monitor boat systems, engines and navigation. You can also find a few innovations here, such as an adjustable steering column and a unique hidden anchor system. Anchoring usually requires an additional crew/family member, but on the 440, it can be done by the captain alone, thanks to the camera mounted in the anchor box.

PRACTICALITY WITH AESTHETICS

The Marex 440 Gourmet Cruiser is available with two or three cabin layouts. Choose a two-cabin solution with a generous en-suite bathroom in the forward cabin. The second toilet with a shower and washer/dryer cabinet is in the midship cabin.

Alternatively, a three-cabin layout, with two twin cabins in the middle and a shared bathroom.

The interiors of the Marex 440 Gourmet Cruiser are designed to the highest standards of quality and attention to detail.

Marex offers several luxury interior finishes and materials, for example, modern light or classic dark walnut wood. Other visual and tactile highlights are the beige and pale grey surface finishes.

“
The art of
enjoyment”

BOW DECK AND SWIM PLATFORM

THE SUN IS CALLING

Beach Club

Marex has brought the significant yacht beach club idea to a smaller size. Enjoy the proximity of the sea with friends and family in the large sitting area. Under the benches, you can find generous storage for mooring equipment or, for example, gas bottles for cooking.

Hydraulic platform

A hydraulically operated swim platform makes lifting the dinghy/tender easier thanks to an optional integrated davit system. The platform also features a bathing ladder, making getting in and out of the water safe and easy.

BOW DECK AND SWIM PLATFORM

Floating mattress

The 440's bow area features a large sunpad, ideal for enjoying the sun's rays. For hotter climates, the area can be sheltered with a bimini top, and the mattress can be transformed into a comfortable sun lounger thanks to an adjustable seat rest. It also can be used as a watertoy, as the waterproof cushion floats and can carry several people on the water.

TECHNICAL SPECIFICATIONS

MAIN DATA

Length: 13,70 M
Beam: 4,27 M
Depth: 1,00 M (depending on propulsion)
Height: 3,94 M
Weight: Approx. 13,000 Kg (empty boat)
Cabins: 2 or 3
Heads (bathrooms): 2
CE category: B
Hull type: Planing

DINING AREAS

Cockpit seats: 10
Salon seats (Scandinavia version): 6

BED SIZES

Forward master cabin bed: 1,70 x 2,00 M
Midship cabin bed: 1,80 x 2,00 M

CEILING HEIGHT

Ceiling height salon: 2,06 M
Ceiling height forward cabin: 1,97 M
Ceiling height midship cabin: 2,08 M

TECH DATA

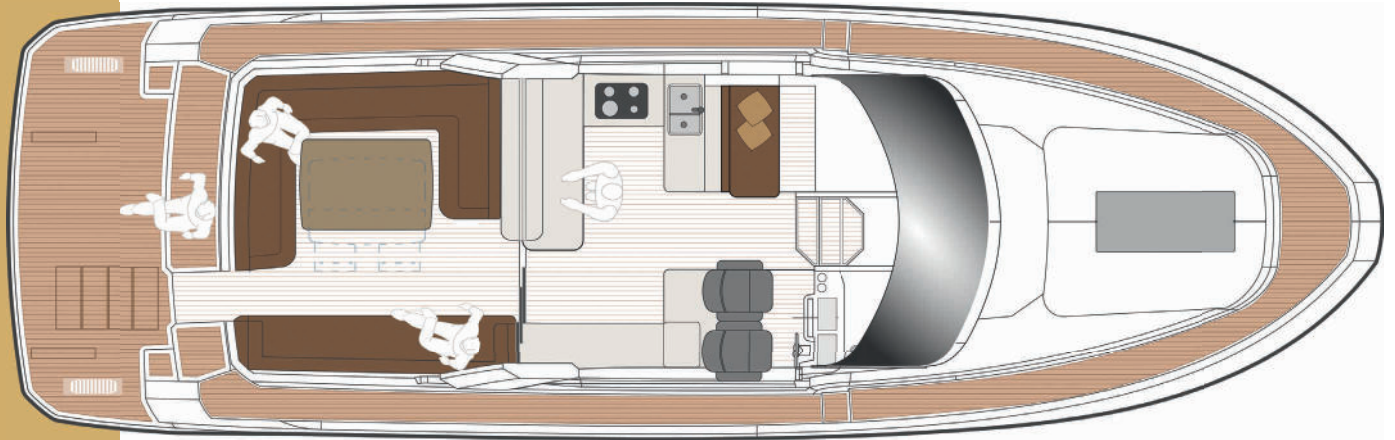

Fuel tank: 2 x 595 L (1190 L)
Water tank: 780 L
Blackwater tank: 335 L
Hot water: 80 L (water heater)
Batteries: 8 x AGM 100 Ah + EXIDE 60 Ah (generator) + bow thruster battery

ENGINES OPTIONS:

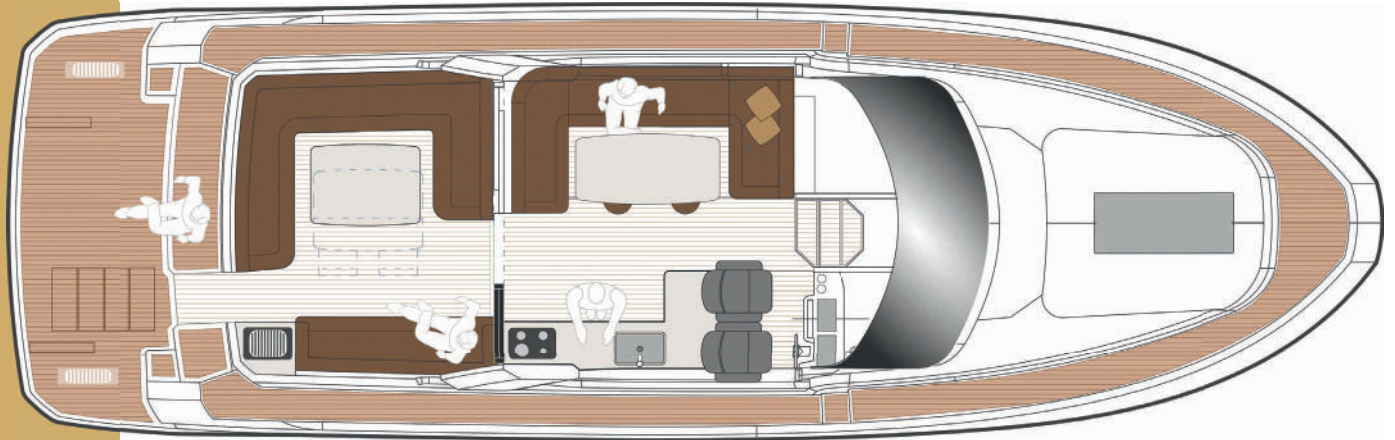

2 x Volvo Penta D6-440HP DPI Sterndrive
2 x Volvo Penta D6-480HP IPS-650
2 x Volvo Penta D6-480HP Shafts

GOURMET CRUISER VERSION

SCANDINAVIA VERSION

STANDART FEATURES

- 24V electrical system
- Antifouling
- Battery charger (36A)
- Shore connection
- Battery pack (4 x 100Ah house + 4 for engines + 2 for bow)
- Smart Canopy Curtains
- Corian countertops
- Dishwasher machine
- Fenders (6) + ropes (6)
- Dimmers for LED lights
- Defroster 10kW
- Hot air outlet in cockpit
- Fire alarm
- Heaters (2 x 5,5 kW)
- Hot water boiler 80L
- Mosquito nets
- Side doors
- Shower on platform
- Bow propeller with remote control (120kg)
- Radio with speakers FUSION (cockpit and salon)
- Teak package (gunwale)
- Windscreen wipers
- Zipwake interceptors
- Bed mattresses (all cabins)

OPTIONAL

- Air conditioner
- Front hidden anchor winch
- Aft anchor winch
- Battery pack extra AGM (100Ah + 100Ah)
- Premium audio pack
- Bedding sets
- Foldable bowsprit with ladder
- Anchor camera
- Courtesy lights
- Fusion DAB-module
- External sun shades
- Generator
- Glomex Wifi/4G Webboat LITE
- Gyro stabilizer
- High pressure deck wash pump
- Hydraulic swim platform with foldable steps
- Foldable davits
- Inverter combi (24/230V) 3500W
- Top LED docking lights
- Pasarella/gangway
- Propeller AFT thruster
- Rudder position indicator for shaft
- Searchlight with joystick
- Shore power automatic furler
- Solar panels 1000W/1500W
- Sundeck floating mattress
- Foredeck lounge
- TV forward cabin/salon
- Underwater lights
- Teak (full pack)
- Washer/dryer machine
