Description

The Capelli Tempest 40 is one of the longest RIBs in the Tempest range, designed to combine performance, large exterior spaces, and a distinctly sporty orientation. At nearly 12 meters in length, it offers a particularly attractive platform for those seeking a fast and powerful vessel without sacrificing the comfort needed to enjoy long days at sea.

This pre-owned Capelli Tempest 40, from 2022, has had a single owner and is in very good overall condition. It is equipped with two Yamaha XTO V8 425 HP engines, a configuration that delivers 850 HP of power and fits perfectly with the sporty character of this model. Additionally, it incorporates Yamaha Helm Master with joystick, considerably facilitating low-speed maneuvers and docking.

The deck is one of the main attractions of the Tempest 40, with an open layout that makes particularly good use of its length. The large bow and stern sun decks offer two extensive areas for relaxation, while the central cockpit allows comfortable enjoyment of life aboard. Among its equipment, the bow thruster and a 100-liter refrigerator also stand out, particularly practical for spending full days at sea.

Below deck, the Capelli Tempest 40 has an interior space that significantly expands its usage possibilities. It features a U-shaped sofa convertible into a bed and a separate bathroom, providing an additional level of comfort without detracting from the open and sporty philosophy of the vessel.

Overall, this Tempest 40 combines the agility and sensations characteristic of a large RIB with generous deck spaces and high-performance engines. A particularly attractive configuration for those seeking to enjoy navigation and the Mediterranean with 850 HP of power, extensive sun deck areas, and the convenience of joystick and bow thruster.

This pre-owned Capelli Tempest 40 is available for viewing at Nautic Luis facilities in Empuriabrava.
