  - Extra 55L freezer in port module

## Description

The Nimbus Sport Weekender 42 brings the Scandinavian walkaround concept to a more livable, versatile format prepared for extended time on the water. Designed for owners seeking quality, performance, and genuine onboard comfort, it combines sporty, safe navigation with a layout conceived for both day outings and weekend getaways.

Its exterior design maintains the understated elegance characteristic of Nimbus, with a spacious and secure walkaround deck, integrated swim platform, and exceptionally well-utilized outdoor spaces. The aft cockpit offers a comfortable and functional social area, while the side passages facilitate access to the bow and enhance the sense of spaciousness onboard.

The helm station of the Nimbus Sport Weekender 42 is designed to deliver control, ergonomics, and comfort on extended passages. The new-generation Nimbus seats, the larger T-top, and the carefully considered protection from sun and wind allow confident navigation without losing direct connection to the surroundings.

Unlike other day boats, the Sport Weekender 42 stands out for its more livable interior, featuring a bright cabin, Scandinavian-inspired finishes, and a layout designed for comfortable overnight stays. This capability makes it an especially appealing option for those seeking a fast, elegant, and practical vessel with greater autonomy.

Available by order at Nautic Luis, official Nimbus dealer in Empuriabrava, Costa Brava, the Nimbus Sport Weekender 42 is an ideal proposition for those seeking Scandinavian design, solid performance, and a premium navigation experience without compromising comfort.
