Description

The Parker 790 Explorer is a new generation boat, designed to offer comfort and versatility for day or weekend cruising. With a completely new and modern two-stage hull, this boat guarantees comfortable and efficient navigation, solving all the shortcomings of classic cabin boats.

This model offers a large and versatile space to enjoy the water, with a spacious cockpit featuring a fold-down seat in the pilothouse, a cabin with two berths and a separate lavatory. In addition, it has a solarium at the bow and a large bathing platform at the stern, perfect for enjoying the outdoors.

This boat is the perfect choice for those looking for a daycruiser model with a modern and efficient design. With its combination of comfort, speed and fuel economy, the Parker 790 Explorer is an exceptional choice for enjoying the sea.

New boat available for delivery.
