Description

The used Marex 360 is a boat designed for those looking for a comfortable, safe, and high-quality cruise. True to the Scandinavian design of the Norwegian shipyard, the Marex 360 stands out for its functional distribution, its spacious interiors, and a deck designed to enjoy the sea in total comfort.

This used Marex 360 is equipped with two Volvo Penta D4-320 engines with DPI transmission, a powerful and efficient diesel engine that offers smooth and stable navigation. The set is completed with a maneuvering joystick and dynamic positioning system (DPS), greatly facilitating maneuvers in port and control of the boat in any situation.

In terms of equipment, this used Marex 360 has a diesel generator, high-capacity inverter, heating, hot water, and a complete electrical installation that allows excellent autonomy on board. The control post incorporates Volvo Penta Glass Cockpit with a double screen, along with radar, autopilot, and integrated electronics, guaranteeing safe, intuitive, and modern navigation.

The exterior of this used Marex 360 offers a well-protected cockpit with wooden flooring, a complete canopy, a bathing platform with a shower, and a pleasant solarium in the bow, creating an ideal space for both navigation and anchoring.

Overall, this used Marex 360 is a very complete, balanced, and ready-to-sail unit, ideal for owners who value Nordic quality, ease of use, and on-board comfort in a first-class cruise.
