Description

The pre-owned **Windy 37 Shamal** represents an exceptional opportunity within the world of Scandinavian luxury boats. This unit, equipped with **two powerful Volvo Penta D6 engines with 440 hp each**, offers outstanding performance reaching up to **43 knots of maximum speed**, while maintaining the elegance and comfort characteristic of the brand.

The design, by the prestigious naval architect **Espen Øino**, combines modern lines with an unmistakable retro feel inspired by classic Windy icons. Its **deep V hull**, precise maneuverability, and impeccable behavior in all types of seas reinforce the Nordic quality seal that has distinguished the shipyard since 1966. On deck, a **spacious social cockpit**, a generous solarium area, and an interior with two refined cabins allow you to enjoy both day trips and extended stays in style and comfort.

Every detail of this 37 Shamal conveys craftsmanship, exclusivity, and Scandinavian heritage. With an official maintenance history and the guarantee of Nautic Luis, official importer of Windy in Spain and authorized Volvo Penta service, this unit is presented as a unique proposal for those looking for a high-performance boat, absolute reliability, and a design that lasts over time.

Currently available at our facilities in **Empuriabrava**, this Windy 37 Shamal is not just a boat: it is an invitation to experience sailing with distinction, power, and timeless elegance.
