Description

Nautic Luis is proud to highlight among its exclusive selection of boats the Windy SR44 Blackhawk Blackhawk a model that continues to impress in the nautical world for its combination of elegance, power and sophistication. This boat, already consolidated in the market, represents the best in design and performance, and remains a privileged option for connoisseurs of luxury sailing.

The Windy SR44 Blackhawk, with its two impressive engines of 440 horsepower each, is synonymous each, is synonymous with power and agility. These engines allow speeds in excess of 40 knots, offering an adrenaline-filled sailing experience, combined with the peace of mind and safety that only a boat of this caliber can provide.

The design of the Windy SR44 Blackhawk leaves nothing to chance. Her synthetic teak deck is not only elegant, but also easy to maintain, and the spacious sundecks located at the bow and stern are the perfect places to relax and enjoy the sun. In addition, the boat has a garage to house a small tender and a hydraulic bathing platform, ideal for lovers of water sports and sea activities.

In terms of technology, the Windy SR44 Blackhawk is equipped with the latest in Garmin navigation systems and an advanced Fusion sound system, ensuring an onboard experience that is both practical and enjoyable. The retractable anchor adds a touch of style and functionality, making anchoring easier and increasing comfort during stays on the water.

At Nautic Luis, we pride ourselves on offering the highest quality boats, and the Windy SR44 Blackhawk is no exception. This vessel is not only a testament to state-of-the-art nautical engineering, but also a promise of unforgettable adventures at sea. We invite you to discover and experience the thrill of sailing the Windy SR44 Blackhawk, a stunning sports boat that is waiting to be yours.
